On behalf of Plaintiff Regulatory Fundamentals Group LLC (“RFG”), we and our co-counsel defeated the Defendants’ motion for summary judgment seeking dismissal of RFG’s copyright infringement and copyright management information claims based on Defendants’ use of RFG’s copyrighted works beyond the terms of a limited copyright license. The Court eventually entered judgment in RFG’s favor due to Defendants’ massive spoliation of evidence and awarded RFG attorneys’ fees and costs amounting to \$366,099.81.
